## ABOUT:

The hands-on experience that the NTA offers through the of transferring knowledge is essential so to show clients how it is possible to make financial decisions around setting goals, maximizing income, spending, saving,

borrowing and protecting that are in line with their financial goals and overall financial well-being. With decreasing funding and increasing community need, it is critical to achieve and demonstrate client outcomes related to financial health and homeownership attainment.

## TRAININGS:

### **HC113: Preparing Housing Counselors for the HUD Exam:**

This course is designed to provide housing counseling practitioners with test-taking tools and strategies in preparation for sitting for the U.S. Department of Housing and Urban Development (HUD) competency certification examination(s). This course does not replace content mastery, which can be obtained through the NCRC Dodd-Frank e-learning Training Series, but is designed to teach practitioners methods that will increase the probability of passing the HUD examination itself.
